FOR IMMEDIATE RELEASE

Southbound Highway-29 near Rutherford Caltrans Maintenance Work Starts Monday, August 18

NAPA COUNTY – The California Department of Transportation (Caltrans) is scheduled to remove approximately 15 trees along southbound Highway 29 just north of the Napa County town of Rutherford. The trees are located on the shoulders adjacent to southbound Highway 29.

The trees have been identified as extensively decayed or dying, and could pose a potential hazard to passing motorists if not removed.

The major maintenance effort is now scheduled to start Monday, August 18 and will take approximately 2-3 weeks to complete.

Work will start each day Monday through Friday at 8:30 a.m. and conclude at 2 p.m. All work is weather permitting.

To ensure worker and public safety during the work, occasional one-way traffic controls may be necessary.

During one-way traffic controls, flaggers will alternate traffic on northbound and southbound Highway 29. One lane will remain open at all times. However, motorists should allow for extra travel time and expect delays.

For real-time traffic, go to Caltrans Quick Maps at: <http://quickmap.dot.ca.gov/>

Or follow us on Twitter at: <https://twitter.com/CaltransD4>

Caltrans appreciates your patience as we work to maintain California's highways.
